## **New Sponsor revs up the Gloucester & Somerset PGA for 2012**

As the New Year dawns the G&S PGA are delighted to announce a lucrative new sponsorship partnership for them with Total Triumph of Taunton. Managing Director Neil Mossman, a single figure handicap golfer and already an excellent supporter of the West Region PGA, has agreed a deal with the G&S PGA Chairman David Haines to become the title sponsor for both the annual Strokeplay Championship and also the Order or Merit over the winter series of Medals.

Total Triumph are an award winning Triumph Motorcycle dealership serving Somerset and surrounding counties and the deal will see the G&S PGA Order of Merit re-named as the 'Total Triumph Order of Merit'. Current leader Ross Langdon from Henbury will hope to hold on to his slender advantage and become the first winner of the new event. He has a sizeable chasing pack in close attendance that will be going all out to stop him and gain their share of the bonus pool on offer to the leading players at the end of the season.

The G&S PGA Professionals will also be teeing it up for a significantly increased prize fund in their season ending Strokeplay Championship as result of Total Triumph's generous involvement. The event will take place over 36 holes at a yet to be confirmed Somerset venue in early May with the winner being named the 'Total Triumph Strokeplay Champion' for the year.

Haines said 'The G&S PGA has gone from strength to strength in recent years in both the amount of playing opportunities afforded and the quality of the players competing in the events with players from both the European and Seniors Tour not an uncommon sight at times. With this new sponsorship deal in place with Total Triumph the players will now enjoy some greater financial rewards for their efforts thanks to the kind support of Neil Mossman and his company for which they are very grateful'
